

Do you join in? Okay,

that's how it works:

1. Take a photo of the goal seen from the penalty spot, the goal should be exactly in the middle of the photo.
2. If you like, you can take a second photo: of your team or the people you play football with on that football ground. Take this photo as you like to.
3. Send us these photos. There are three ways of doing so:

- o upload your digital photos to www.goalgetting.net

- o scan your analogue photos (300dpi, format 20 x 30) and upload them or
- o print your analogue photos (10 x 15 cm) and post them to
 CZ Coaching Zone
 Gymnasium Stift Keppel
 Stift-Keppel-Weg 36
 D-57271 Hilchenbach

From the penalty spot. One picture. One frame. Framed by posts and crossbar.
 The view in the direction of the goal. Your view.
 1000 goals. 1000 views. South Africa 2010. Seven continents. 200 countries.
 The whole world seen from a footballer's perspective. Your perspective.

We want to see these pictures.

Take a photo, whether your camera is good or not. Stand on the penalty spot of your football ground. Whether it is a real football ground or a piece of grassland, asphalt or acre. Take the camera and take a photo of your goal. Whether it is a real goal or two heaps of stones, a few sticks, your and your friend's jackets. Show us your goal and show us the world behind it framed by your goal. Show us your world.
