

Important information and deadlines for the winter term 2023/2024

All academic achievements (examinations, tutorials, exercises, laboratory courses etc.), excluding theses and research lab courses should be registered through unisono!

The registrations for exams or other academic achievements should be done separately from the registrations for the respective lectures, tutorials, exercises etc.

Academic achievements (for example tutorials, lab courses etc.), which shall not take place / shall not be done in the current semester, should be deregistered through unisono until the end of the current semester. The registrations shall not be transferred into the next semester and thus registration in the new semester shall not be possible!

Examinations, which are done in the first examination period in the semester according to the curriculum and which were yet not repeated, can be considered as a free attempt upon a request. Improvements should be registered through the examination office within the examination registration period and done in the second examination period.

The first examination period in the winter term 2023/2024 starts on February, 5th and ends on February, 16th 2024. Registration through unisono for this period starts on January, 15th and ends on January, 29th 2024 (11:59 p.m.).

The second examination period starts on March, 15th and ends on March, 28th 2024. Registration through unisono for this period starts on February, 28th and ends on March, 8th 2024 (11:59 p.m.).

Should you face problems while signing in for the exams please contact the examination office immediately (on the next working day after the end of the relevant registration period at the latest). Screenshots of error messages or disorders might be helpful.

Deregistration (regular withdrawal) should be done through unisono **seven** days prior to the examination date. Unisono system calculates the exact time depending on the beginning of the respective examination.

Withdrawal due to a sickness should be done through the examination office immediately (however, within 3 working days after the examination date at the latest!).
