

# Summer Program

Youthful brilliance scintillates in summer Japan

# 2018

JSPS Summer Program provides opportunities for young pre- and post-doctoral researchers from North America and Europe to receive an orientation on Japanese culture and research systems and to pursue research under the guidance of host researchers at Japanese universities and research institutes over a period of two months during the summer.

JSPS JAPAN SOCIETY FOR THE PROMOTION OF SCIENCE  
日本学術振興会

The Japan Society for the Promotion of Science (JSPS) operates as an independent administrative institution to perform the following main functions: creating diverse world level knowledge, building robust international cooperative networks, fostering the next generation while enhancing the education and research functions of universities, and building evidence-based science-promotion systems and strengthening linkage with society.

# JSPS SummerProgram 2018
