# International Summer School "Planning and Development of Inclusive Communities" Siegen, 31 Aug. - 08. Sept. 2019

The UN Convention on the Rights of Persons with Disabilities (UN CRPD) was adopted by the General Assembly of the United Nations in December 2006 and has been ratified by 178 UN member states (as of May 2019). All state parties have committed themselves to respect, protect and fulfil the rights of persons with disabilities. They are thus facing the challenge of implementing the provisions of the UN CRPD.

## The International Summer School 2019:

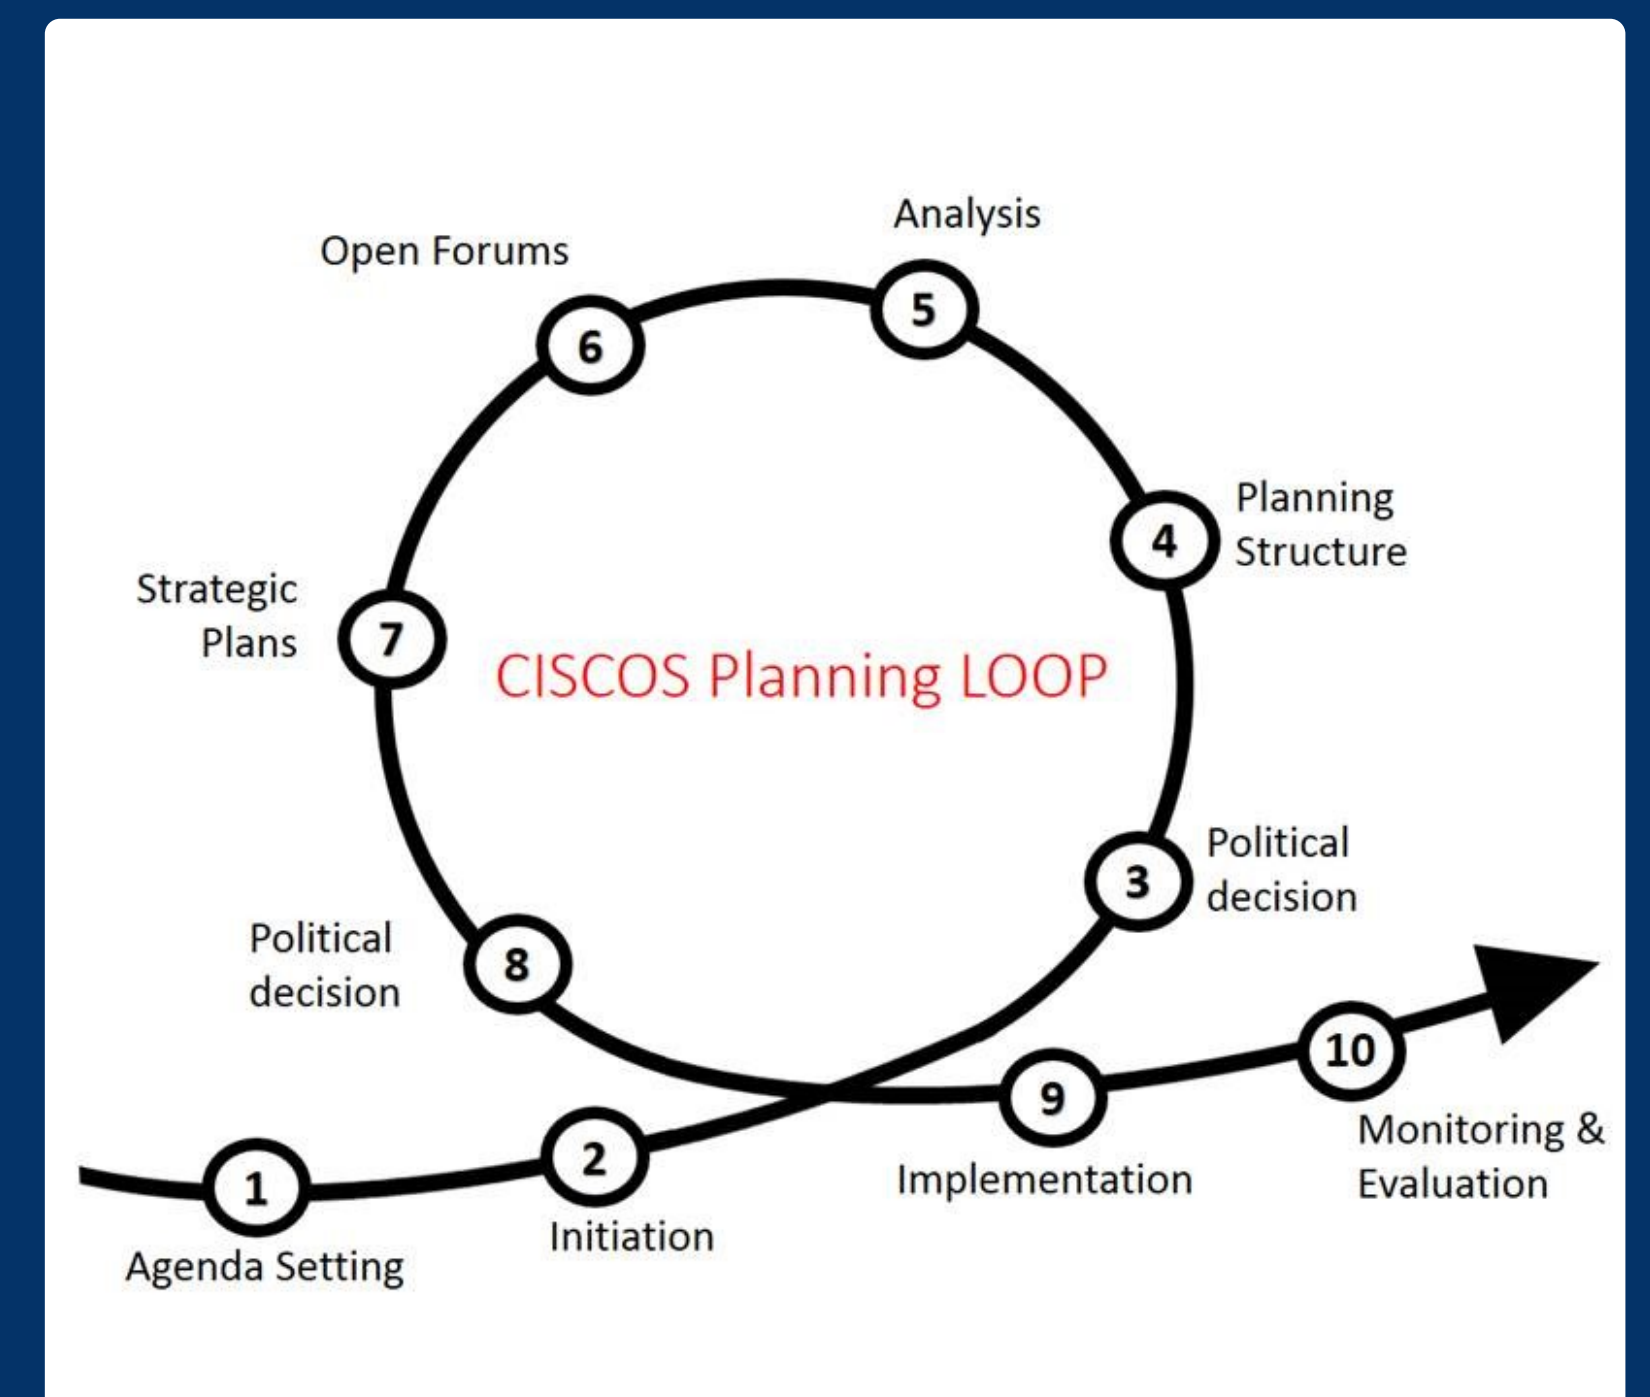

The summer school focuses on approaches for the implementation of the UN CRPD in municipalities. The programme is based on interim results of the Erasmus+ project "Connecting Inclusive Social Planning, Community Development and Service Provision for People with Disabilities" (CISCOS). Lecturers from different countries will provide the opportunity to learn from best-practice examples of socio-spatial planning.

### Coordination:

Prof. Dr. Johannes Schädler  
Andreas Hohmann, M.A

### Supported by:

German Academic Exchange  
Service (DAAD)  
Faculty II (University of Siegen)

In addition, the summer school includes an attractive cultural and social programme with a wide range of networking opportunities.

The programme is open to B.A. and M.A. students as well as doctoral candidates. Participation is free of costs. The course language will be English. Language skills at intermediate level are required.
