

With a new, ongoing, and internal funding line, the Commission for Quality Improvement in Teaching and Learning would like to support pilot projects that focus on digital teaching, learning and/or examination formats for the implementation and improvement of digitized university teaching.

What is „Besser digital!“?

Due to the ongoing need for the implementation and stabilization of digital university teaching at the University of Siegen, the Commission for Quality Improvement in Teaching and Learning awards funding within the funding line Besser digital! to support pilot projects for the development, testing, and evaluation of digital teaching, learning, and/or examination formats.

Framework?

- Only members of the competence teams (project dime:US) of the faculties I-V are eligible to apply.
- Funding is provided for material resources including support staff (with explicit description of the integration of acquisitions into the project).
- Project duration: max. six months
- Start of project: **01.04. or 01.10. of each year**
- Deadline: **31.12. or 30.06. of a year**

! Please note that double funding with the funding line Besser innovativ! is not possible.!

Where can I find more information?

Further information, such as notes on auxiliary staff hours,/costs or selection criteria can be found on the following website: https://www.uni-siegen.de/start/die_universitaet/ueber_uns/qvm/projekte/digitale_lehre/?lang=de
