Information sheet for auditors at the University of Siegen

Those who are interested in visiting individual courses and who are not enrolled as proper students can be admitted as auditors within the framework of the available offers of studies .

Herefore, an admission to higher education is not necessary.

The respective responsible professor decides on admission to the courses.
Auditors are not entitled to take exams; They can only receive an attendance certificate.

Refugees can be exempted from the guest-tuition-fee.

Course

You can enrol for three courses of studies at a maximum. You can visit these courses as long as they are not overbooked. Please consult the respective lecturer beforehand.

Proper students always have priority concerning seminars, courses, practices, etc.
In particular, you can not visit events in courses of study with restrictions on admission.

In the LSF (Teaching, Studies, Research – Portal for those interested in studying) you can see which lecturer is responsible for which course of study. Here you also find the place and time of event.

An own LSF-Account is not created for auditors. However, you have the possibility to look at the virtual course catalogue in the LSF and issue a schedule. Please print out the schedule because your data will not be saved after leaving the LSF.

Important hints

- You do not receive a semester ticket / NRW-Ticket or a student ID card
- As an auditor you do not receive reductions for cinemas, museums or swimming baths, etc.
- Auditors are not entitled to take exams
- Achieved performances (by means of practices, etc.-) will not be acknowledged for a possible study.
- The participation in university sport and physical education is principally not possible for auditors because an insurance cover by the University of Siegen is not given. In exceptional cases, there is a possibility to participate if you underwrite a liability exclusion declaration.

You can get more information about the offers under:
