## Confirmation

I certify that I have prepared this written work independently and have not used any aids other than those specified. I have clearly identified all passages that are taken from other works in terms of wording or meaning (including translations) as borrowed material in each individual case, stating the exact source (including the World Wide Web as well as generative AI and other electronic data collections). This also applies to attached drawings, pictorial representations, sketches and the like. I acknowledge that the proven omission of the indication of origin will be regarded as attempted deception.

I confirm that the content of the electronic version is the same as the printed version.
