## **Scientific Qualifications**

---

Degree and subject(s)

---

Year and university of graduation

---

Dissertation subject/ field

---

Dissertation topic/ title

---

Doctoral supervisor

---

Expected completion of the dissertation

## **Details on professional career**

Important steps in your professional career:

---

---

---

---

Current professional situation:

---

---

---

Funding of the PhD:

- Position as a research assistant or as an employee
- Position as a research assistant
- Scholarship from the university
- Scholarship from an external foundation
- Activity in a non-university professional field
- Other, namely: \_\_\_\_\_

Career goals after the PhD:

- Further advancement in academia.
- Temporary activity outside academia and subsequent return
- Employment in a non-university scientific field
- Other, namely: \_\_\_\_\_

### **About the mentorship**

*FraMeS does not provide a pool of mentors, the mentees should find their own mentor; they receive support from the coordinator of the programme.  
Have you already thought about your potential mentor?*

\_\_\_\_\_  
Possible mentor of choice incl. (university) location

I prefer

- a female mentor
- a male mentor
- gender does not matter

The mentor should

- be active in a specific field, namely:

\_\_\_\_\_

- does not have to be active in a specific field

*At this point, we would like to explicitly point out that the mentor **should not provide any specialist supervision** of your research work.*

The mentor should be available within the following area:

- University of Siegen
- North Rhine-Westphalia
- nationwide
- internationally

*Unfortunately, any costs incurred for travel to the mentor cannot be covered and must be borne by the participant.*

### **Topics of Workshops**

I would be particularly interested in the following workshop topics:  
(please tick a maximum of 3 topics)

- Assessing potential
- Career paths and profile building in academia
- Time and project management (e.g. planning conferences)
- Moderation and presentation techniques
- Publication strategies
- Negotiation techniques
- Self-presentation and communication skills
- Leadership training and team management
- Conflict management strategies
- Others, namely: \_\_\_\_\_

I would be particularly interested in the following topics for the **network meetings**:  
(multiple answers are possible)

- Publishing in science
- Science/work & family, compatibility & legal issues
- Acquiring third-party funding, (international) research funding
- Disputation
- Stays abroad
- Work in intercultural teams
- Others, namely: \_\_\_\_\_

### **Data processing information**

The personal data provided in the profile form is necessary and required for the sole purpose of participation in and implementation of the FraMeS mentoring programme and is collected on the basis of legal authorisations. This data is stored for the implementation of the programme (also for evaluation purposes). Only the name, email address, qualification subject/topic and the mentoring topics envisaged are passed on to the mentor. The application exposé is passed on anonymously to the programme's scientific advisory board for review.

Any further use of personal data and the collection of additional information requires the consent of the person concerned.

During events, photos are taken for documentation purposes and for press publications (e.g. university homepage, university magazine Querschnitt, etc.). After the end of the programme, my data will be transferred to an alumni directory in order to inform me about events and offers or to participate in evaluations or retention studies.

This consent can be revoked at any time.

If I am not accepted into the programme, my application documents will be deleted after the application process has been completed.
