Women Career Service

The *Women Career Service* offers female members of the University of Siegen an opportunity to systematically expand their professional and personal profile in workshops and events on career-relevant topics. Our aim is to support and accompany women concerning their professional careers by passing on relevant key skills.

The workshops are led by experienced trainers who provide the participants with specialist and insider knowledge as well as motivation and awareness of their own strengths and potentials. Furthermore they support the perception and implementation of one's own talents in possible professional fields. The workshop offers focus on the areas of „Studies & Career Entry“, „Science & Research“, and „Science & Management“.

The Women Career Service also regards itself as an exchange platform for female university members and their concerns.

All workshops are held in German, if not declared otherwise.

Individual coaching if required

Are you looking for support regarding a personal or professional concern?

An important decision is pending, a conflict needs to be dealt with? Are you thinking about your leadership, your career planning or your work-life balance?

Contact us!

After an initial meeting in which we clarify the specific needs, the Women Career Service arranges individual coachings for a small fee (see overleaf).
