

Applicant's declaration of commitment

I commit myself

- to actively pursue the planned doctoral project in order to ensure a timely and successful completion;
- to enroll in the appropriate doctoral programme (Promotionsstudiengang) and to apply to the appropriate doctoral committee (Promotionsausschuss) for admission within three months after the beginning of the scholarship (if both not already done) and submit to the HYT the relevant certificates;
- to submit to the HYT without being prompted a progress report (informally on approximately one page) signed by the mentor as well as a current certificate of enrolment for each semester (deadlines 31 March and 30 September) during the funding period;
- to submit to the HYT after 18 months an assessable progress report that describes the current status of the doctoral project and addresses the milestones already achieved and those that are still open;
- to participate personally and actively in the study and career supporting events of the HYT Young Academy;
- to immediately notify the HYT in writing of any changes in personal circumstances relevant to the scholarship, in particular the receipt of any other support, the taking up of/changes in employment, the ending of the doctoral studies or a change of university; and
- to inform the HYT immediately of the completion of the doctorate, even after the end of the scholarship, and to send a copy of the certificate to the HYT.

Name of the applicant (in block letters)
