Intended for	International doctoral researchers and their supervisors

The annual reception for all our international PhD students and their PhD supervisors, supported by a grant from the DAAD, the German Academic Exchange Service, takes place for the fifth time. The meeting is intended as an informal get-together across all faculties, departments, seminars, institutes and chairs, to help everyone, newly arrived or not, to enlarge their network at the university.

Professor Holger Schönherr, Dean of Faculty IV, will open the reception with a keynote speech on the topic

*"Where do you think you're going, don't you know it's dark outside ... ?" –
Your way towards a PhD and the constant battle with the principles of uncertainty*

Afterwards the Vice Rector for International Affairs, Professor Petra M. Vogel, will present the award of the DAAD. Finally the buffet area will be open for the actual get-together. We are looking forward to meeting you! Note that the reception is preceded immediately by a workshop (in the same room) introducing newcomers (and not-so-newcomers) to the German academic system, so it might make sense to combine both events.
