## INVEST IN YOUR PROFESSIONAL SKILLS

### What is a MUN?

Model United Nations (MUN) is a conference where high school and university students from all over the world come together to simulate international politics.

Every participant plays the role of a diplomat representing the position of her/his assigned country in a simulated session of a committee of the United Nations, such as the Security Council and the General Assembly.

Therefore, all participants research positions of their country, investigate international issues, debate, deliberate, consult and then develop solutions to today's problems together.

**And hence this is a simulation, it is finally up to you!**

Want to participate?  
Check our website  
and the social pages!

## Why participate?

to discuss problems and challenges about international politics and society

to practice foreign languages, public speaking, rhetoric and negotiation skills

to achieve social competences through an international audience

to understand international relationships, laws and policies

to enhance cultural awareness and ability to compromise

to get credit points and a certificate

to discover the world

and most importantly:  
to meet new people and have fun!
