

# Summer School - THE EDUTECT

August 29 – September 9, 2022

Summer School in Vilnius // 3 ECTS // the 2-week course (August 29–September 9, 2022) has intention to develop relations between architecture and education sciences.

Step A: choose 1 out of 2 workshops

workshop **EQUITABLE SCHOOL** Mid 20C factories for massive education today transfers into community schools, cherishing values of democratic culture and social responsibility. Are there any spatial solutions to implement such miraculous conversion? Curators: Dolf Broekhuizen (Netherlands), Liutauras Nekrošius, Edita Riaubienė (Lithuania)

workshop **ARCHITECTURE IN-BETWEEN HOMES** Because of the global (climate, conflict) disasters more and more people are forced to leave their homes. Migrants lose their native cultural context, children – possibility of getting the proper education. No doubt, student and teacher are the central figures in the education process. However, environment nurtures as well. What kind of a portable school would one take to the journey in-between the former and future home? Curators: Barbara Pampe, Vittoria Capresi (Germany), Indrė Ruseckaitė (Lithuania)

## Information on BIP funding

BIP - The Erasmus+ programme introduces new Blended Intensive Programmes (BIP) as alternative mobility for students and staff. BIP combines short-term physical mobility with a virtual component and makes the Erasmus mobility more flexible. Students who participate in BIP can combine their study plans at their home institution and mobility at the same semester.

Students will receive support for physical mobility: 70 Eur per day. Students with fewer opportunities may receive travel support. Students who do not receive travel support can opt for green travel. In this case, they will receive a single contribution of 50 EUR as a top-up amount to the individual support and up to 4 days of additional individual support to cover travel days for a return trip, if relevant.

The sending institution International Relations offices will provide information and support to students for physical mobility.
