
geteduroam on iOS

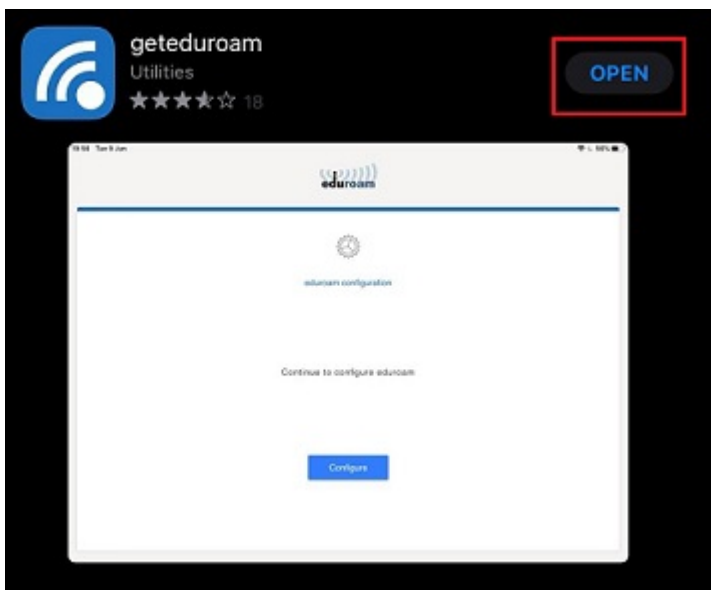

Download

You can download the geteduroam App from the [Apple App Store](#)  .

If you are installing the app for the first time, your device may ask you to permit the download. If so, confirm the pop-up with „**Allow**“ to proceed.

Once the download is finished open the app to proceed with the setup.

Setup

The app will now guide you through the configuration process.

First, you will have to find and select the **Universität Siegen** via the searchbar.

The screenshot shows the 'eduroam configuration' screen. At the top, there is the eduroam logo and a university crest. Below the crest, the text 'eduroam configuration' is displayed. A search bar is highlighted with a red border, containing the text 'institution' and a magnifying glass icon followed by 'Select an institution...'. At the bottom of the screen, there is a blue button labeled 'Next'.

In the next step, your device will ask for your **username** and **password**.

Note: Your username needs to fit the form [username + @uni-siegen.de] (e.g. g123456@uni-siegen.de).

The screenshot shows the 'eduroam configuration' screen for Universität Siegen. At the top, there is the eduroam logo and the Universität Siegen logo. Below the logos, there are two input fields: 'Username' and 'Password'. The 'Username' field contains the text 'username@uni-siegen.de'. A red border highlights the input fields. Below the password field, there is a small note: '*Note: if the connection fails, please check your password'. At the bottom of the screen, there is a blue button labeled 'CONNECT TO NETWORK' and a link: 'Need help? [Click here for support](#)'.

After you have provided your information and confirmed with „**Connect To Network**“, your device will ask for permission to connect to the network, so confirm with „**Allow**“ and „**Join**“ to connect.

UNIVERSITÄT
SIEGEN

Enjoy using eduroam!

Wi-Fi is now configured

[Start over](#)

Eduroam has now been configured and you can connect to the **eduroam** network.
